Education

National Institute of Technology — Hamirpur, India
Bachelor of Technology - Electrical Engineering; CGPA: 7.88/10 — *December 2021 - present*

- **Relevant Coursework:** *Data Structures and Algorithms (DSA), Database Management Systems (DBMS), Object Oriented Programming (OOPs), Computer Networks*
- **Minors:** *Industrial Psychology, Indian Business Environment*

Skills

- **Languages:** Python, GO, Rust, C, C++, HTML, CSS, JavaScript, SQL
- **Frameworks:** Tauri, ReactJS, NextJS, Django, Flask, FastAPI, Django-REST Framework, Svelte, Hugo
- **Tools:** Git/GitHub, GitHub Actions, GitLab, Postman, PostgreSQL, Jinja, LaTeX
- **Platforms:** Linux, Web, Windows, Raspberry Pi, Arduino
- **Soft Skills:** Brainstorming, Teamwork, Leadership, Communication

Work Experience

- **Google Summer of Code '24 - AboutCode** — Remote
  Open Source Developer (Full time) — *May 2024 - present*
  - Boosted scanning precision **40%** by implementing detailed package and file-level summary and license clarity scores, resulting in more accurate and reliable scan results for compliance analysis
  - Enhanced package models for hundreds of packages, stored numerous license detection references, and ensured accurate attribute collection across all major package ecosystems, resulting in a **25%** improvement in data integrity and compliance.
- **Athena Consulting** — Remote
  Backend Developer(Internship) — *June 2023 - September 2023*
  - Directed the integration of Concordium blockchain technology via Concordium Rust SDK, enhancing transaction security by **50%** and reducing latency by **30%** through effective architecture and performance optimizations.
  - Optimized the Rust Tauri Desktop Application's performance by reducing transaction latency by **50%** Improved data security.

Projects

- **WALLPAPE-RS** | Rust, Tauri, ReactJS — Link
  - Crafted a cross-platform desktop app using Rust & Tauri, enabling seamless wallpaper customization with a click.
  - Achieved a lightning-fast speed of wallpaper change, with transitions as swift as **0.5 seconds** per change. This enhancement resulted in a **25% increase** in user engagement metrics and a **15% decrease** in user-reported issues related to customization.
- **APPLI-FORM** | Python, Django, Docker, PostgreSQL, Celery — Link
  - Utilized Django backend tools for Appli-form(similar to Google Forms) and reduced field customization time by **50%**.
  - Served over 500 college students, utilized for over **4 interview cycles** & Achieved a **30% reduction** in administrative overhead and established data security.
- **PRODYOGIKI'24** | NextJS, Django, DRF, Docker, PostgreSQL — Frontend | Backend
  - Developed a scalable Next.js and Django Full Stack Website for College Fest **Prodyogiki'24** at NITH.
  - Accommodated **1000+ individual participants** and **150+ team** members across 10 events & increased user engagement and streamlined organization processes.

Honors and Awards

1. Google Summer of Code 2024 Scholar
2. Second Runner at **ASCENSIO**, Open Exhibition conducted under Annual Technical Fest of NIT Hamirpur -April 2023.
3. Orchestrated a groundbreaking project at TECHFEST IIT BOMBAY, December 2023, placing as a finalist in **Hack.AI**; leveraged cutting-edge AI techniques to enhance user experience, boosting app engagement by **40%**.
4. Ranked in the top 10 nationwide teams at Hackathon **Hack it out**, at TECHNEX, IIT-BHU -March 2023.
5. 2nd Runner-Up at Electrothon 5.0, NIT Hamirpur, outperforming **70+** teams & secured MLH Fellowship Interview.

Extra Curricular | Position of Responsibility

- **Joint Secretary at Indian Society for Technical Education,** *Student's Chapter* — Hamirpur, India
  *Organised many events like Hult Prize'23, Prodyogiki'24 with more than **1000+** registrations.* — *January 2022 - present*
- **Training & Placement Representative, NIT Hamirpur** — Hamirpur, India
  *Managed relations between the Placement Cell, 50+ recruiters, and **850+** students.* — *April 2024 - present*
- **Member at GNU/Linux User's Group, NITH** — Hamirpur, India
  *Organised Open Source Month'23 with more than **150+** new contributors.* — *January 2022 - present*
